

Part Exchange Scheme

Through our part exchange scheme we will buy your existing property and you can have a brand new home with a hassle free move.

THE BENEFITS OF PART EXCHANGE:

- A quick and simple transition
- No estate agent fees to pay
- A guaranteed buyer
- No chain
- A stress free move into a brand new home

HOW IT WORKS:

Enquire which of our properties qualify for part exchange. We will arrange an independent valuation and inspection on your existing home and make you an offer if your property is suitable.

Once you accept our formal offer we will guide you through the sales process, with a commitment to moving you into your brand new home as soon as possible.
